California, empire of the Pacific, salutes the world. Her Midwinter Fair closed in a midsummer blaze of glory Second only to the Columbian Exposition in extent, variety and splendor, the coast display was a veritable triumph. Out of her abundance the state poured her treasures-and the nations of the earth came to aid her in her noble exhibition.

Memorable were the exhibits-of gold and silver, of wheat and oil, of fruit and wine, of silk and wool-of all that man and nature could combine to produce. And no exhibit attracted more attention or excited warmer approval than that of

Dr. Price's Cream Baking Powder

Official tests showed it to be highest in leavening power, purest in quality, and most efficient in results of all baking powders made. Accordingly, the Highest Award and Gold Medal were conferred on Dr. Price's at the Midwinter Fair.

The triumph at San Francisco confirms the victory at Chicago. The Midwinter Fair verdict sustains and vindicates the bestowal of highest honors on Dr. Price's by the jury of awards at the World's Columbian Exposition.
